Honors & Awards

Second Place: ARtech Workshop and Hackathon - Prof. Dr. Ramesh K S @ Mohd Zaidi Bin Abd Rozan.
Feb 2019
UTM XCITE had organized a two-day program on 22nd and 23rd of February 2019 that includea a workshop and hackathon. The program aimed to teach 39 participants from UTM unique marketing skills and branding solution tool by using Lens Studio, a software developed by Snap Inc. The program was supported from Snap Inc. who also owned Snapchat, the popular social media platform.

The aim of the program was to nurture creative heads in UTM in entrepreneurship skills. The workshop also taught the application of AR in the industry where the aim was to help them see the correlation and opportunities that they can benefit from using the skills.

The winners won cash prizes of RM 700, RM 500 and RM 300 respectively along with special discount cards provided by Nescafe UTM and an opportunity to have their products as part of Nescafe UTM marketing tools. Maxfort team won first place, was made up of Azwad Abid (Leader, School of Electrical Engineering), Muhammad Razzi (School of Electrical Engineering), Mohammad Yeasin Al Fahad (School of Computing) and Tanvir Ahmed Mehedi (School of Computing). Team Snapcher was made up of Khoo Pei Kiat (Leader), Tok Wei Xin, Bayes Ahmed Shoharto, Ng Jia Ying and Siti Zulhusna binti Zulkefli took second place while the third place was won by a group of first year students made up of Quah Jin Xing (Leader), Ooi Kah Jun, Ong Wei Han, Beh Jian Xian and Kevin Chin Kai Sian.
